

The Landmark[®] Advantage

Why Landmark's Warranty Stands Out

Why this matters to you:

- Only manufacturer who protects homeowners against ALL manufacturing defects, not just leaks
- Because of our quality, we're able to stand behind our shingles with an industry-leading warranty
- CertainTeed will always be around to protect your home
 - CertainTeed's parent company, Saint-Gobain, has been in operation for over 350 years, bringing dependable and innovative products to customers worldwide.
- We proudly stamp the CertainTeed brand on each of our shingles, which demonstrates our commitment to delivering quality product and ensuring customer satisfaction.

Superior Granule Adhesion

Why this matters to you:

- Granules are the first layer of protection against weather
- Provides long-lasting color aesthetic, so your roof continues to look beautiful for years to come

Third-Party Testing

Why this matters to you:

- We have third party evaluation services regularly monitor product testing to ensure they continually meet all industry standards, including fire classification, wind resistance, and physical properties

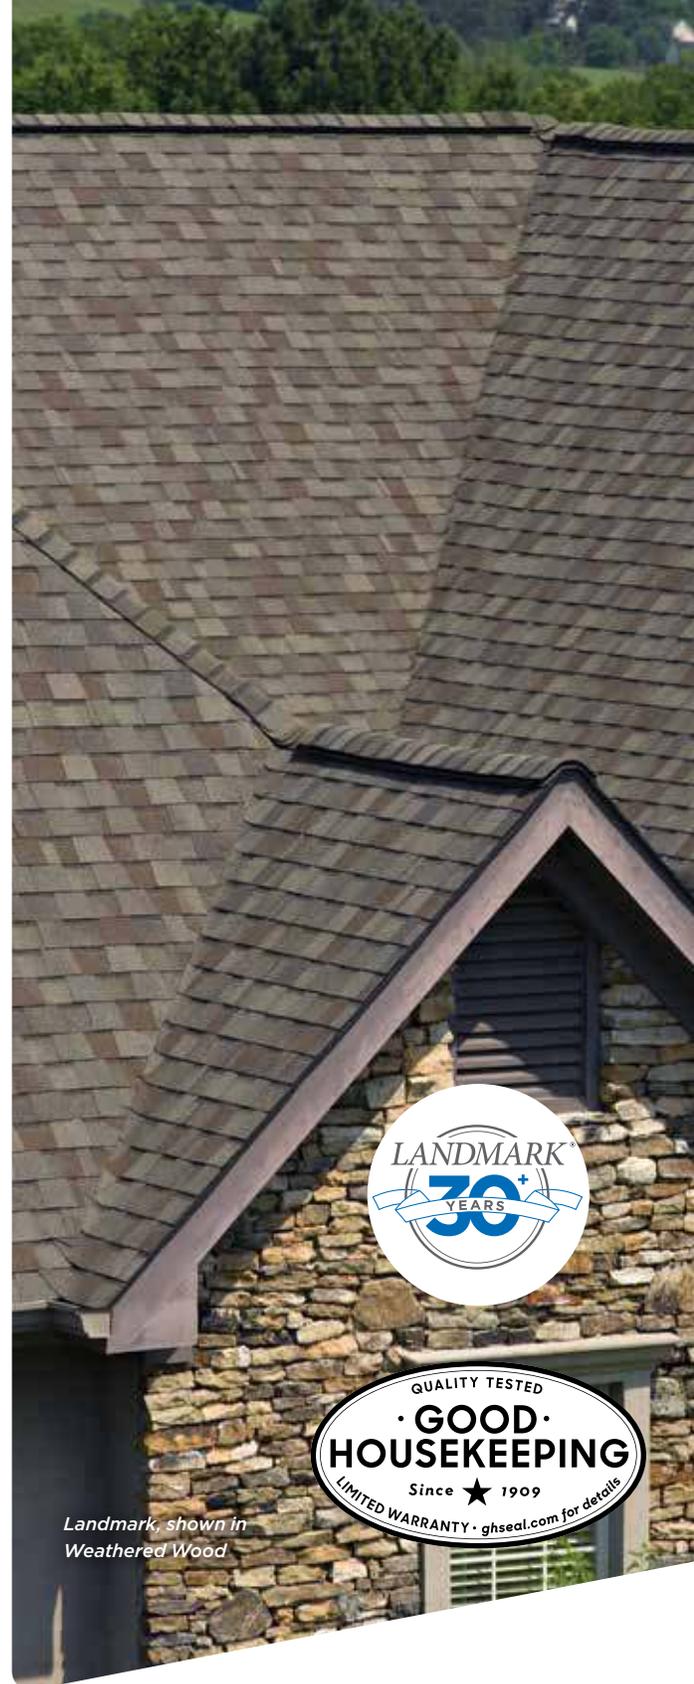

Landmark[®] — A Classic Original

- Lifetime limited transferable warranty*
- 15-year 110/130 mph wind warranty*
- **StreakFighter[®]** 25-year algae resistance*

Reach out to your local representative for our complete color offering in your region

Innovative technologies available in all Landmark Shingles

Industry-leading Adhesion

QuadraBond[®]

Advanced Layering

- Industry leading four-point adhesion between layers
- Superior bond prevents shingles from delaminating, maximizing performance

Time-tested Performance

CertaSeal[®]

Uplift Protection

- 20-year record of proven performance against wind uplift and shingle blow-off
- Sealant is engineered to remain flexible, won't dry out and crack

The Ultimate in Algae Protection

StreakFighter[®]

Algae Resistance

- Technology helps resist algae growth before it can take hold and spread
- Maintains curb appeal and looks beautiful for years to come

Contractors Install Correctly

NailTrak[®]

Fast, Accurate, Visible

- High-visibility nail lines help for an accurate installation
- Removes the guesswork for steep-slope applications

We strive for the highest possible content of recycled or bio-based materials in our roofing shingles.
